

February minutes unanimously approved

Tony spoke about bare root natives on signal mountain roads .85-2.00 price probably bundles of 50-100 plants. Beauty berry will be available. Also part of the tree planting effort and he has sent an email list to all

Wetlands bill going through. TN is trying to take on the regulations that the trump admin put on wetlands and would reduce our wetlands by about 60% critical issue. He will check with sierra club to see if he can distribute the listing of bills.

Linda: Margha davis has taken care of the plants that sally ford worked on for the town and plants are at the W road walden sign, taft highway, tricounty bank and at town hall. They need more help. Needs help with people watering the plants throughout the week.

Tree ordinance is a multistep process. We have to approve it first of all. Then planning commission then town board. Second copy has been sent to Sam for him to take another look before our committee votes on it. Not enough committee members have reviewed for initial vote

Mary: email has been sent for Mariah and she has sent a message to david from epb requesting to make the lightpoles dark sky compatible. Not sure if she requested everyone of them or targeted light poles. It is in the works

Diane: No mow signs have a small amount sold. Need to send information to ace hardware, sale on a Saturday from 10-2, suggest recycle center for sale of signs.

Meeting adjourned 6:22p.m.
